Soroptimist Founders Day

Miss Frances Stephan, a member of Soroptimist and principal of Perry Junior High School in Gardena, gave an inspiring talk at the regular Monday luncheon meeting held at a local restaurant. Miss Stephan told of the growth of the club, which was 400 times as large since its inception 35 years ago. The organization was by a man in Oakland who called upon a firm to start a Service Club for men. The executive happened to be a woman and she mentioned that if a woman's Service Club were ever started she would like to join. This gave the caller an idea and he named the club from two Greek words: Soro, meaning 'sister' and Optimi, meaning 'of the highest'.

The club, with its tremendous growth now is International and has three federations: the American, England and Ireland, and Continental Europe.

An interesting point brought out by Miss Stephan was the International Scholarship Fund that is kept up by donations from members who give one cent for each number of years on their birthdays. These scholarships are given to deserving women where the need is greatest. The club also extends help to older women and children in need.

Miss Stephan said the club slogan is "Working for the World We Want" and she hoped the members were like the prisoner who looked out of jail and saw stars and not like the one who looked and only saw mud. She also recommended for better fellowship that mem-

A GALA CELEBRATION... is planned for Saturday, Oct. 13, at the Seaside School when the PTA sponsors a ham dinner to observe the opening of the school's new cafeteria. Checking over plans for the affair are Mrs. Warren Boggs, president; Mrs. John Keyes, ways and means chairman; Mrs. Robert Molloux, assistant ways and means; and Lloyd Jones, principal. Dinner will be served from 4 until 8 p.m. Tickets are being sold by all PTA members.

bers sit beside others that were not so well known to them instead of beside the same one each time.

President Margaret Neff presided, one guest, Ruth Davis was present, and a charter member returned to the club, Elinor Darher.

Speaker for the next meeting, Oct. 15, will be Leonard DiMiceli.

TO EL PASO

Mrs. David Conry, 2530 Lesserman Ave., left by plane Sunday for El Paso, Texas, to join her husband, who is stationed there temporarily. Mr. Conry has been in Florida with the Army. His new orders are the Panama Canal Zone. Mrs. Lesserman will return to Torrance when Mr. Conry leaves for the Canal Zone.

LOMA LINDA TRIP

Mrs. Don Moshas and children, Donella, Dee, Donna, Donnie, and Don, Jr., 2570 Trotters Terrace, accompanied by Donella's houseguest, Gerry Bartlett, of Montecello, spent the week end with Mrs. Moshas' mother, Mrs. Frank Bagley in Loma Linda.

Two-fifths of the U.S. milk supply is used in fluid state.

HOW TOP BURNER TEMPERATURE CONTROL SERVES YOU.

You use Top Burner Temperature Control like you do your oven heat control. You simply dial the right temperature for the particular food you are cooking. The burner automatically turns itself up or down as needed to keep your food cooking

always at the temperature selected. This means that any pan you place on this burner can be automatic. You'll have no boil-overs, no scorching, no cooking that's either too fast or too slow. See a demonstration at your dealer's.

This is TOP BURNER TEMPERATURE CONTROL

—the great new Gas range feature!

Now you can make any pot or pan **automatic**

Top burner cooking on the new Gas ranges is now as automatic as baking and roasting with true Top Burner Temperature Control. This new feature lets you set the right temperature for food you prepare—and never touch the dial again until you turn the Gas off. The burner adjusts itself automatically—keeps your food always at the temperature you want.

But true Top Burner Temperature Control is just one of many new features on today's Gas ranges. For example, you will find rotary barbecues an added feature in broiler compartments—and of course they're automatic with Gas! Visit your neighborhood Gas range dealer or your Gas Company's showrooms soon. See all that's new about the new Gas ranges.

Makes of Gas ranges featuring true Top Burner Temperature Control: CALORIC, FLORENCE, GAFFERS & SATTLER, HARDWICK, MAGIC CHEF, O'KEEFE & MERRITT, ROPER, WEDGEWOOD, and WESTERN-HOLLY.
